

FITNESS WIPE

Pre-moistened Wiper System

A disposable, pre-moistened wiper system specially formulated to clean and deodorize fitness equipment. Made from a biodegradable and compostable cellulose fabric, infused with a light-dose, quat-based formula, containing no harsh chemicals that harm surfaces. Fitness Wipes are ideal for removing sweat and grime from surfaces commonly wiped in all fitness facilities, replacing unsightly spray bottles and rolls. This centerpull wiper system is designed for quick, easy fill and refill using our bucket dispenser or centerpull wall dispenser.
